Have you witnessed or been exposed to a traumatic event in the last 10 years?

TRAUMATIC STRESS STUDY

We are conducting a study at the University of Arizona to observe how a six-week course of light exposure influences the brain and sleep patterns in people living with traumatic stress. Eligible individuals will be compensated for their participation.

What's Involved

1. Visits to the University of Arizona
2. Cognitive/emotional testing and brief sleep test
3. Two-hour brain scans, during which you will rest quietly while "pictures" of your brain are taken using Functional Magnetic Resonance Imaging (fMRI)
4. Morning light exposure at home
5. Wear an activity monitor and complete a sleep log

Who may be eligible to participate

1. People ages 18 - 55
2. People with traumatic stress or PTSD diagnosis within the last 10 years
3. Must be right-handed
4. English as a primary language
5. No metal objects in your body

You will be compensated up to $1200 for your time

An Institutional Review Board responsible for human subjects research at the University of Arizona reviewed this research project and found it to be acceptable, according to applicable state and federal regulations and University policies designed to protect the rights and welfare of participants in research.

Elder Rehab with Dr. Sharon Arkin

Elder Rehab is a research-tested physical, mental, and social stimulation program developed by neurologist, Sharon Arkin. A senior, memory-impaired participant will be partnered with a U of A volunteer "Personal Trainer" who will supervise the participant in physical/fitness workouts and engage in memory and language stimulation.

Both participants and family members leave having a better mental and physical outlook. This program allows memory-impaired patients the chance to interact with young, vibrant college students while improving their physical and mental capabilities.

For information and an application, contact Sharon Arkin: arkinsaz@earthlink.net or 520-603-2912

U.S. Rep. Martha McSally’s Internship Program is Now Hiring for the Fall of 2016 and Hiring Immediately for the Summer of 2016
Our internship program is open to all majors and provides an opportunity for students to learn, first hand, how a Congressional office operates. Interns work closely with staff to create a team that is accessible and responsive to the constituents of Arizona's Congressional District 2. Our internship opportunities are unpaid, but we are more than happy to work with students to help earn school credits. Interns are required to do at least two shifts of four hours twice a week. The shifts are from 9:00am-1:00pm and from 1:00pm-5:00pm. There are also full time positions available where schedules permit.

Interns perform a variety of duties including day-to-day administrative work, data entry, answering phones, drafting constituent correspondence, helping constituents work with federal agencies, and assisting staff where necessary.

Please keep in mind that internships are competitive. Prospective interns will be contacted regarding an interview following a review of credentials.

To apply online please visit [https://mcsally.house.gov/services/internships](https://mcsally.house.gov/services/internships) or you may contact the internship coordinator, Taj Sultan, directly at the Tucson district office.
