Attention Wildcats!

Give us Feedback

Congratulations on completing the semester.

Plan Ahead
Helpful Hint
Before you head off to summer we would like your feedback on how we can improve your educational experience at UA South.

So please take a few minutes to complete this survey.

The Fall semester is coming up fast. So now is the time to familiarize yourself with the resources we have to offer. If you need a laptop, check out our laptop loaner program. If you think you might need help in your classes, check out the ThinkTank and what they have to offer. We offer plenty of resources to help make sure you pass all of your classes, so get a head start on finding out what they are.

SANS-ICMCP: Diversity Cyber Academy
A United States Cyber Academy Program

The SANS Institute and the International Consortium of Minority Cybersecurity Professionals (ICMCP) are partnering to create the SANS - ICMCP: Diversity Cyber Academy (DCA), combining efforts to increase the career opportunities for minorities and women seeking to enter the cybersecurity field.

The DCA is a four-to-six-month accelerated, immersive cybersecurity training program providing eligible candidates with advanced technical training and industry-recognized GIAC certifications. Students will master hands-on information security skills sought by employers in domains such as cyber defense, incident handling, and more.

The SANS Institute is the largest and most trusted source for cybersecurity training. Its programs now reach more than 165,000 security professionals around the world.

ICMCP was launched in 2014 to help bridge the 'great cyber divide' that results from the ongoing under representation of minorities and women in the fastgrowing field of cyber security. The ICMCP targets minority and women cyber security professionals worldwide and promotes academic and technical excellence in our tradecraft.
