Helpful Hint
Snack on good food while you study, such as nuts, yogurt, or berries. These foods have been proven to aid concentration and memory. This applies to exams too. Before you go in for an exam, eat a small snack. It will help fill you up, and you’ll have an easier time concentrating.

**Homeland Security Investigations Cyber Crimes Center**

ICE Homeland Security Investigations (HSI) is a critical investigative arm of DHS. HSI protects the United States against terrorist and other criminal organizations that threaten our safety and national security. HSI also targets transnational criminal enterprises who seek to exploit America’s legitimate trade, travel, and financial systems. HSI operates out of 70 offices in more than 45 foreign countries.

HSI criminal investigators, also referred to as special agents, conduct criminal and civil investigations involving national security threats, terrorism, drug smuggling, child exploitation, human trafficking, illegal arms export, financial crimes, identity fraud, benefit fraud, commercial fraud and more.

The Cyber Crimes Center combats cybercrime and criminal exploitation of the Internet with state-of-the-art forensic technology. The center investigates large-scale cybercrime threats and provides expertise on cybercrime investigations to the field. It also uses global law enforcement networks to combat cybercrime threats.

For more information on how to apply, current position openings, and how HSI fits into the Department's cybersecurity workforce, visit the ICE HSI page [here](http://www.cbp.gov).
Mickey Leland Energy Fellowship Program

For over 20 years, the Mickey Leland Energy Fellowship (MLEF) Program has provided students with opportunities to gain hands-on research experience with the Department of Energy’s (DOE) Office of Fossil Energy (FE). This program has mentored hundreds of the best and brightest students from across the nation for future careers in science, technology, engineering, and mathematics (STEM) and provided insight into how the DOE is working to meet the energy challenges of the future.

Selected candidates will train under the mentorship of program officials and scientists working on focused research projects consistent with the FE mission. At the conclusion of the program, Fellows attend a "Technical Forum" where they will present their research findings and tour a nearby technical site.

Scholarships

The Arizona Community Foundation invites high school seniors and current college students throughout Arizona to apply for more than 100 scholarship awards. With the completion of just one online application, students are automatically matched with all of the awards for which they qualify. Last year, nearly $1.7 million was awarded to thousands of Arizona students.

The general application for the 2018-19 academic year is now live.

Scholarship Universe is a University of Arizona resource devoted to matching students with as many scholarships as possible that they qualify for. Students answer a variety of questions and are matched to hundreds of scholarships that they can apply for.
To learn more and begin the general application online, visit [www.azfoundation.org/scholarships](http://www.azfoundation.org/scholarships). And please share this news with all of the college-going students you know!

Apply today at [Scholarship Universe](http://www.scholarshipuniverse.com) to find the best scholarship for you!
