2013 STUDENT SERVICES FEE SURVEY RESULTS

Student Services Fee funding is provided to employ students in departments at several locations. In Sierra Vista there is a student employed in Student Services, and the Media Tech offices. There is also a student employed in the Douglas office. How satisfied are you with the service they provide?

- Not Satisfied: 3 (6%)
- Slightly Satisfied: 2 (4%)
- Moderately Satisfied: 10 (20%)
- Very Satisfied: 21 (43%)
- No response: 13 (27%)

In Fiscal Year 2013 Student Services Fee funded a pilot tutoring program that utilized Cochise College Tutoring Services. Students received in-person, professional tutoring in a variety of subjects. How satisfied were you with this service?

- Not Satisfied: 0 (0%)
- Slightly Satisfied: 2 (4%)
- Moderately Satisfied: 10 (20%)
- Very Satisfied: 16 (32%)
- Did not know it was available: 35 (71%)

The Math and Science Club received funding to host a Math Bee in conjunction with Cochise College. Funding provided refreshments and scholarships to UA South students that participated and placed in the top 8. How satisfied were you with this event?

- Not Satisfied: 4 (8%)
- Slightly Satisfied: 2 (4%)
- Moderately Satisfied: 7 (15%)
- Very Satisfied: 13 (27%)
- No response: 22 (46%)

A Commencement Social, for graduates, their families and friends, was held on the lawn of UA Sierra Vista, following the commencement ceremony. How satisfied were you with this event?

- Not Satisfied: 0 (0%)
- Slightly Satisfied: 4 (11%)
- Moderately Satisfied: 13 (35%)
- No response: 20 (54%)
Student Services Fees awarded $32,000.00 in stipends in the Fiscal Year 2013. How satisfied are you with this program?

Do you have comments regarding these projects?

I think all of these projects are very worthwhile and would like to see them continued and possibly expanded. They are all excellent ways to spend the funds. I was unaware that they funded so much to students I think that is great. N/A This is my first semester and I am not familiar with all these projects, so I was not able to answer most of these questions. Sorry. I was not aware of any of the student employees, programs or projects with the exception of the Commencement Social. I think the funds and services that are supplied by student services are well needed - I didn't know about some of the things offered, but will use them for future reference. I didn't attend any of these events so I'm not really a good person to survey. I was not aware that stipends were available... I am a senior and have no clue where exactly this 32,000 stipends was spent/allocated at... This is my first semester at UoA, and I had no knowledge of any of these events/programs. More of these projects should also be available at the UA Tech Park Campus. Survey doesn't allow many choices. If we're not aware of the event, how can we be satisfied, which are our only answer choices... Or if we were aware of tuturing, but didn't use it, do we have to be satisfied? Was unaware of most/all of these funding projects. Not sure how stipends were awarded, to whom, for what. I did not know about any of these events when they occurred. Would be nice to have some events at the tech Park campus as traveling to Sierra Vista is not always feasible. Keep up the good work! There needs to be better advertising that these programs are available, and what is being offered to the students, not just those that participate with certain clubs, or otherwise. I take all of my classes in Tucson and do not receive any benefit from most of these services. Being a student at the Santa Cruz campus, I did not have the opportunity to participate or experience many of these projects. I just put very satisfied, but I didn't even realize this stuff was going on. I think they are very good projects.

Are there other areas, services or programs you think should receive SSF funding?

Certainly, there should be a program create to help students find practicum, internship, and/or even job opportunities for the South Campus. I understand that the main campus has these services, but many students in SV can't travel to Tucson for them. One program I can tell you that absolutely needs this is the Human Service program. The director of this program doesn't even live here, doesn't understand the current needs/frustration HS students have in finding an appropriate internship here in SV, doesn't have a written outline on how to begin finding an internship, and DOESSSn't even have personal connections to help her students out through this process (as stated by her). Students have to reach out to other faculty members to even begin understanding the requirements for the HS internship program. NO DARN INSIGHT!!! NONE AT ALL!!! All departments should receive equal funding. Perhaps an extension to the tutoring services so that the school would be able to employ various students as tutors to expand the hours that tutors are available to students. Not at this time. How about offering programs at the UA Science and Tech Park as there is a large number of students in Tucson that do not know or have access to the programs, services or events listed above. No. None at this time. I can not think of anything currently. Outreach for online students to participate. None of the above services are accessible to those of us not in Sierra Vista. Scholarships and stipends for Undergraduates are great, perhaps extending those to Graduate students as well.

What is your class status?
